Art Unit: 3651

The following is an examiner's statement of reasons for allowance: While the prior art such as the British Patent 1,484,954 does show a pair of sensors and a pair of markers and the sensors generate simultaneous signals until elongation occurs the prior art does not show repositioning a sensor such that the signals are again simultaneous and then measuring the distance the sensor was moved so as to determine the amount of elongation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to James R Bidwell at telephone number (703)308-1144.
